EXPERIENCE

MERN Stack Developer Intern — Eklavya.Me

6 Months

- Gained hands-on, production-oriented experience building web applications using React.js, Node.js, Express.js, and MongoDB.
- Worked with REST APIs to develop and integrate scalable full-stack features.

PROJECTS

Real-Time Collaborative Code Editor

Individual Project

React, JavaScript, Node.js, Socket.IO, Tailwind CSS

- Built a real-time collaborative code editor enabling multiple users to code together in shared rooms with instant, low-latency updates.
- Integrated React/JavaScript frontend with a Node.js + Socket.IO backend for seamless code and drawing synchronization.
- Implemented syntax highlighting, auto-suggestions, file editing/saving/downloading, and an integrated group chat feature.

MindSweeper

Academic Project

- Developed and presented MindSweeper at TechFest 2025 (Suryadatta MCA Department), winning 1st Place among competing teams.
- Recognized for innovation, problem-solving, and strong presentation skills delivered under tight deadlines.
